

Dear Sir,

Bob Price is displaying worrying delusions (Letters July 11) if he thinks his letters have anyone in the Conservative Group fuming. Laughing more like.

His latest silly rant states that as I was not at the meeting I must have good eyesight to have spotted his error (another) regarding the date of the May Council meeting. No Bob, good eyesight is not essential I just read the agenda!

Yours faithfully

Councillor Alan Wright
St Chad's Ward, Sunderland
